

ALI KAHAWATI

24-01-1995

PROFIEL

A MSC student who is self-motivated, confident, creative, social, and with attention for detail. I am also very ambitious and equipped with a great passion for learning. This is why I do not mind to work extremely hard, and I will gladly keep on doing so. My enthusiasm is the main driver behind my ability to learn fast. More importantly, my problem-solving skills can be attributed to my excellent communication skills and ability to adapt quickly.
